

## INSEE – IIIT Delhi International Conference 2021

### *Sustainable Societies, Ecological Systems and Economic Development*

**New Delhi, 08<sup>th</sup> Feb'21:** IIIT-Delhi will be co-organising the eleventh biennial conference of [The Indian Society for Ecological Economics](#) (INSEE). This year's conference will be based on the theme of **Sustainable Societies, Ecological Systems and Economic Development** with a focus on air, water, solid waste, energy, transport and health. It will cover issues related global environmental change, carbon neutrality, environmental regulation and governance, air quality, water, green energy and much more. The conference will be held at IIITD campus in New Delhi (India) during **December 15-17, 2021**.

The conference proposes to provide a platform for inter-disciplinary engagement on these issues and invites contributions from researchers including doctoral students, practitioners and policy-makers. Submissions that make a rigorous conceptual and methodological contribution of a theoretical or empirical nature will be selected for presentation after a two-step screening process. In the first stage **an extended abstract must be submitted by March 15th**.

Visit the conference webpage <https://iiitd.ac.in/webstory/inseeconference> for more information in guidelines for submissions and important dates.

**About INSEE:** The Indian Society for Ecological Economics (INSEE) was established in 1998. It is a regional society affiliated to the [International Society for Ecological Economics](#) (ISEE). INSEE aims to further the cause of sustainable development by providing a forum for continuous dialogue among scholars, practitioners and policy analysts working at the interface of the economy, society and the ecosystem. INSEE works to disseminate the results of research and its policy implications to national and international bodies (governmental and non-governmental) through multiple avenues such as conferences, workshops, networking and publications.
